

DBMS II Credit Activity

Write the syntax for creating a trigger.

Differentiate between implicit and explicit cursors.

What is conditional statement in PL/pgSQL?

Explain the ACID properties of a transaction.

What is transaction state diagram? List different states.

Define a cursor. Explain its purpose in PL/pgSQL.

Define a stored procedure. Write the syntax of CREATE PROCEDURE.

Define PL/pgSQL block structure with syntax

What is transaction state diagram? List different states.

How is deadlock detected and prevented.

Following is the list of event in an interleaved execution of set T1,T2,T3, and T4 assuming 2PL .Is there a Deadlock? If Yes, which transactions are involved in Deadlock?

Time	Transaction	Code
T1	T1	Lock(A,X)
T2	T2	Lock(B,X)
T3	T3	Lock(A,S)
T4	T4	Lock(B,S)
T5	T1	Lock(B,S)
T6	T2	Lock(D,S)
T7	T3	Lock(C,S)
T8	T4	Lock(C,X)

Consider the following Transaction. Give two non-serial schedules that the serializable.

T1	T2
Read(X)	Read(Z)
X=x+100	Read(X)
Write(X)	X=x-z
Read(Y)	Write(X)
Read(Z)	Read(Y)
Y=y+z	Y=y-100
Write(Y)	Write(Y)

Write a short note on encryption

What is Role? Explain its types.

Explain Statistical Database security.

Discuss how the recovery from catastrophic failure is handles.

The following are log entries at the time of system crash:

[start-transaction, T1]

[write-item, T1, A, 5]

[commit, T1]

[start-transaction, T2]

[write-item, T2, B, 10]

[write-item, T2, D, 6]

[commit, T2]

[checkpoint]

[start-transaction, T3]

[write-item, T3, B, 20]

[start-transaction, T4]

[write-item, T4, C, 10] ← system crash

If immediate update with checkpoint is used, what will be the recovery procedure?

The following is log entries at time of system crash:

[start-transaction, T1]

[write, T1, A, 40]

[start-transaction, T2]

[write, T2, B, 80]

[start-transaction, T3]

[write, T3, C, 100]

[commit, T2]

[commit, T1]

[checkpoint]

[start-transaction, T4]

[write, T4, C, 200]

[write, T3, E, 10] ← system crash

If immediate update with checkpoint is used, what will be the recovery procedure?
